

Welcome To The Haliburton Rotary Carnival

That time of the year has arrived once again, as it is time for the 25th Annual Haliburton Rotary Carnival. This year's Carnival will be for one night only, Wednesday, August 7, when the Rotary Club will pack two nights of fun and frolic into one night. This annual event, which attracted 16,000 people last year, is by far the largest attraction of its kind in Haliburton County, and the local Rotary Club have one of the best parades in Ontario.

On Wednesday night, August 7, the big event will be kicked off with a monster parade which will leave the Haliburton Community Park at 7 p.m. featuring the Lindsay Kinsmen Band and the Orillia Kiltie Band. They will be followed by floats, clowns and numerous marching units.

Now is the time to get your float ready for the parade, as prizes will be given to the best parade entry, best lodge, best merchant, best camp, best decor-

ated car, best bicycle, and best clown comic. The parade prize winners will be posted on the Bulletin Board in the Lobby at the Arena. The prizes will also be presented from this same location.

The Giant Midway will be in operation in front of the Arena, starting at 1 p.m. in the afternoon and continuing right up until the Carnival is over. So why not bring your children out in the afternoon for the rides and

avoid the rush at night.

Following the parade, the large crowd will head for the Arena and Community Centre for an evening of fun and games. The Rotary Club have added some new games this year, so why not come on up and try them. And oh yes, let's not forget the Bingo Game which will be held in the Arena Auditorium this year.

Starting at 9 p.m. there will be a dance in the Legion Auditorium with the music being supplied by

Haliburton's own "Quality of Mercy".

Nearing the end of the evening the draw for the 1968 Plymouth Barracuda Fastback will be held. If you haven't already purchased your ticket on this car, do so right away as only 1200 tickets will be sold.

So plan now to attend the Haliburton Rotary Carnival on Wednesday night, August 7. Proceeds are for Crippled Children Community Service. Admission to the Arena is free.

Established in 1882 as the Minden Echo & Haliburton Recorder

Pictured above are the Haliburton Huskies Old Timers hockey club who will be meeting the CKVR-TV No Stars in an exhibition Summer Hockey Game to be played at the Haliburton Arena on Saturday night, August 10. Many of the players shown in this picture will be in action in this game which starts at 8 p.m.

New Doctor For Haliburton

The Village of Haliburton has a new Doctor in the person of Dr. Edward Christiansen from Edinburgh, Scotland.

Though only a short time in Haliburton, the Doctor has made a host of friends who hope that he will enjoy living in this community and will continue to remain here. He is associated with Dr. Harry E. Good.

Dr. Christiansen received his education in England, and attended Cambridge University and Edinburgh University.

After medical appointments in Scotland and England he went abroad in the Colonial Medical Service for 26 years, serving for 13 years in Seychewelles and for 13 years in North Borneo (now called Sabah Malaysia). He was recently with the World Health Organization for three years before coming to Canada.

The new Doctor is married with two grown-up daughters.

Museum To Open Tuesday

The Pioneer Museum, which is situated on what was formerly the Reid property, will be open to the public on Tuesday afternoon, August 6.

From that date until Thanksgiving, the Museum will be open daily from 1:30 to 5:00 p.m.

We had the opportunity of visiting the Pioneer Museum on Monday afternoon of this week and while time did not permit us to view all of the many interesting articles on display we can assure anyone who is at all interested in the past history of the Highlands, and to obtain some idea of just what things were like here 100 years ago, that a visit to this Museum will be a most profitable experience.

After viewing these historic items dealing with the life and times of this area in the days of long ago, we note that inflation was not a problem sixty years ago. A mail order catalogue on display shows the finest dresses for the sum of \$10.95; admission to the Fall Fair held in Haliburton in 1902 was 10 cents; and in that same year the amount allotted to be spent on the Eagle Lake

Road was \$10.00, while the total amount of road expenditures in Dysart was just over \$500.

Be sure to pay a visit to the Pioneer Museum and see what life was like here before the turn of the century. We think that you will say that the visit will be well worthwhile.

Man Rescues Girl From Gull River

On Friday afternoon last a three-year-old girl stumbled and lost her balance, falling into the water of the Gull River just across from the Brewer's Retail Store in Minden. The child's parents were swimming in the same locality.

Mr. Marshall Handlea of Camp Northland, who was walking along the highway at this time, noticed the child and jumped into the water and pulled her to safety.

Mr. Handlea deserves a lot of credit for his quick thinking and action in saving this child's life.

Honda Crashes Into Car

A 1967 Honda with two passengers, Ian Gilmor of Oakville and Harold Filman of West Guilford, crashed into a 1967 Pontiac Station Wagon. Both passengers were taken to hospital.

The accident occurred on Highway 121 in front of Suter's Hill-top Market last Thursday.

Police said the Honda carrying the two boys was attempting to pass a car on the hill when the Pontiac, driven by Harry Hacker of Toronto, turned into Suter's Store.

Damage was estimated at \$100 to the Honda and \$150 to the Pontiac Station Wagon.

Haliburton Lake Regatta Saturday

This Saturday, August 3, all roads will lead to Haliburton Lake for the 15th Annual Haliburton Lake Cottagers' Association 1968 Regatta.

The big Regatta, which will be held at the Public Beach at Haliburton Lake, will get under way at 10 a.m. with the Marathon Swim, with boating races starting at 11 a.m.

Many valuable special trophies are also being presented to the winners in addition to the regular annual trophies.

The annual Regatta Draw will be held with beautiful as well as useful prizes, including a Deluxe RCA Victor 19" Portable T.V. with stand, an Emerson Portable Stereo Record Player, a Deluxe Viking Food Blender, a Baseboard Heater, a Westinghouse Dual Control Electric Blanket, and an Instamatic Camera. Draw tickets are still available.

Competition in all types of swimming and racing should provide keen interest for competitors and spectators alike.

So come on out to Haliburton Lake this Saturday, August 3, for a day of enjoyment. You'll be glad you did!

Chas. Brandon Joins Ron Curry On College Board Of Governors

The Honourable William G. Davis, Minister of Education, today announced the appointment of seven new members to the Board of Governors of the Sir Sandford Fleming College.

Representing the Counties of Peterborough, Victoria and Haliburton and the Town of Cobourg in Northumberland County, the new board is the result of recent official separation of Sir Sandford Fleming campuses in Lindsay and Peterborough and the Loyalist Campus in Belleville.

Before becoming separate colleges they shared a joint Board of Governors, from which Henry Nokes of Peterborough, a representative of the Canadian Labour Congress, Trent University President T. H. B. Symons, The Hon. Leslie M. Frost of Lindsay, and R. J. Curry of Haliburton have remained with the local group.

New appointments representing Peterborough County include Mrs. Charles J. Ray and Mr. A. M. Hamilton of Peterborough and Mr. W. C. Grant of Lakefield. A fourth new member is to be appointed by the City of Peterborough.

Victoria County has two new representatives, Mrs. Arthur D. Truax and Mr. Joseph C. Holtom, both of Lindsay.

Mr. Charles Brandon of Minden has been appointed from Haliburton County, and Mr. H. C. Gibson will represent Cobourg.

Wren Blair To Speak At Rotary

Mr. Wren Blair, Coach and General Manager of the Minnesota North Stars of the National Hockey League, will be the guest speaker at the Haliburton Rotary Club tonight.

Mr. Blair will speak on the subject of N.H.L. expansion and the life of an N.H.L. Coach and Manager.

Peterborough County will have six representatives on the new board, Victoria County three, Haliburton County two, Cobourg one, for a total of twelve.

Mr. Brandon, the new appointee from Haliburton County, was a Councillor for the Municipality of Anson, Hindon and Minden from 1960 to 1963, and became the Reeve of that municipality in 1964. He operates a retail sporting goods and clothing business in Minden, and is a Past President and member of the Minden Rotary Club.

Interested in music, Mr. Brandon has been organist for the Minden Anglican Church for ten years, and is a past Director and a member of the Haliburton County Band.

Rev. and Mrs. Frank Haskins of Summerland, British Columbia, were honoured at the Baptist Churches Convention on their retirement from the ministry. Mr. Haskins has served many churches in the west as well as being the Christian Education Director for the Baptist Union. They will continue to reside in Summerland. Mrs. Haskins is the former Hazel Walling of Haliburton.

Thomas F. Worden of Welland, son of Mr. and Mrs. Michael Biagi of Haliburton, received his B.A. in Philosophy from the State University of New York in Buffalo, N.Y. on May 31.

Watercolour And Experimental Painting Classes At Haliburton School Of Fine Arts

Beginning August 5, the Haliburton School of Fine Arts will have classes in the morning in Watercolour, and during the afternoon in Experimental Painting. Dainis Miežajs, A.O.C.A., C.S.P.W.C., will be in charge.

Attendance in both classes will be restricted. This is to ensure that both the beginning and advanced student will receive individual attention.

Since watercolour is such a difficult medium for the artist, technique will be emphasized. Mixed techniques, such as watercolour, India ink and gouache will be introduced and discussed.

The experimental painting class will explore new methods and mediums. With egg tempera the artist achieves great detail and precision. Popular ages ago, today many artists use egg tempera, particularly when working with Magic Realism, a wide-spread contemporary movement. Collage is an art form of the 20th century.

By emphasizing the relationship of shape, colour and movement of line, it tends toward abstraction and pure colour and form. Pupils in the experimental painting class, encouraged to employ the new and unexpected, should achieve a greater range of thought and flexibility of expression.

Dainis Miežajs is an excellent choice of instructor for this course. Born in Latvia, he graduated from the Ontario College of Art in 1956, worked with the CBC until 1961, and since then has been with the Ontario College of Art as an instructor in Drawing and Painting. A contemporary painter with traditional roots, his subject matter is always taken from nature.

"My field of work involves visual expression", Dainis explains, and everywhere in nature I am made aware of proportion, symmetry, balance, rhythm, harmony or contrast of shapes and colours,

textures and accidents. Nature is an enormous and constant source of subject matter."

For outdoor painting, watercolour is his preferred medium. "Watercolour is immediate", says Dainis. "You have to work very fast and with sureness. Decisions have to be made about what to include and what to eliminate. Mistakes are fatal." "Watercolour is like a poem", adds Dainis thoughtfully. "It is short, but it can say as much as a novel."

In 1956 Dainis won the Lieutenant-Governor's Medal for Proficiency in Drawing and Painting; in 1961 and 1966 he received the Hadassah Award and the Brazilian Traction Purchase Award. The University of Toronto, the I.B.M. and Hollinger Mines are some of the places which display his paintings. He has exhibited in Toronto, Boston, Cleveland, Chicago and New York City. Since 1962 he has had a yearly one-man show with the Picture Loan Society in Toronto.

In 1965 he won a private sponsorship for a two-year "Canadian Landscape" project. Dainis and his wife Marilyn travelled across Canada, from Newfoundland to Vancouver Island and up into the Northwest Territories, painting the changing character and mood of our vast and varied landscape. He describes this as "my tribute to my adopted country on her centennial". As the result of this painting trip the Art Gallery of Ontario, along with the Art Institute of Ontario and Picture Loan Society, is preparing a travelling exhibition. It will consist of fifty large-size watercolours and will be called: "Across Canada in Watercolour - A Centennial Tour by Dainis".

One of Dainis' choice painting spots is the Haliburton Highlands. After each holiday in Dr. D. Stinson's cabin at Red Pine Lake, he returned to Toronto rested and with many paintings.

Students in either of his classes have the assurance they will be studying under a master of his craft.

Card of Thanks

I should like to express my sincere thanks to all who gave me such lovely gifts and helped in any way at a shower held for me in Wilberforce on Wednesday, July 24. A special thank you to my Aunt Ethel and Aunt Ruth. Barbara Kroontje, (nee Saunders).

To my friends, relatives and neighbours a sincere thank you for your acts of kindness while I was in the Ross Memorial Hospital, Lindsay. Thanks for cards, flowers and gifts. A special thank you to the Doctors, especially Dr. Service, and also the U.C.W. who prayed for me, and all who visited me. Your kindness and thoughtfulness is deeply appreciated.

Ettie Henderson.

We wish to express our sincere thanks to our friends, relatives and neighbours for their many acts of kindness during our recent bereavement. With special thanks to all who have in any way added to little Steven's happiness in the past.

Chuck, Toots and Shelley Hicks.

IN MEMORIAM

UPTON — In loving memory of a dear husband and father, Leonard Upton, who passed away August 3, 1967.

Though his smile is gone forever And his hand we cannot touch, Still we have so many memories Of the one we loved so much; His memory is our keepsake With which we'll never part. God has him in his keeping. We have him in our heart. —Sadly missed by wife Gert-rude and Family.

UPTON — In loving memory of a dear grandfather, Leonard Upton, who passed away August 3, 1967.

Sleep, dear Grandpa, for it is true, You suffered much and told so few; But someone knew you needed rest.

'Twas God above and He knew best. —Sadly missed by the Grandchildren.

Monmouth News

By C. W. RENDALL

Mr. and Mrs. Carr and family of Cleveland, Ohio are spending their holidays camping in this area. Mr. Carr, an ardent fisherman, has been visiting the various lakes in the district and has had fair luck with his fishing. I understand that this is his second year in Monmouth, and we hope to see him back again next year.

While in Wilberforce on Wednesday last I saw Mr. Dick Baker busy cutting the grass at his mother-in-law's house. On Friday we were back again in the village and he was still cutting grass; I just wondered how long can you manage to make a job like this last! We were pleased to meet Mrs. Baker and Susan, also Mrs. McMahon who showed my wife over the house. I understand this house was built 75 years ago; it must have been one of the first houses in the village.

I mentioned last week about my wife putting the sugar in the wash. On Tuesday when we went into Haliburton we decided there was an easier way to do the washing than standing over a hot tub on a hot day and doing it by hand, so we went into Cliff Newbatt's to try and get a second hand washer (cheap). We bought one, and in due course it was delivered and she started to do the washing the easier way. All went well until she tried to empty the water out and she found it was plugged up and the water wouldn't run out, so we had to do it the hard way. However, we phoned the dealer and he promised to put it in order. Sure enough, the next day along came Bryce Newbatt who gave it a thorough going over and put it in good shape. All is well, and once again be sure when you buy anything to make sure you buy from a reputable dealer who will always make sure of a customer's satisfaction.

Mr. and Mrs. "Danny" Daniels are once again staying at a cottage on Otter Lake. The twins, Mike and Dave, are also staying here for a while.

Mr. and Mrs. W. Moore of Woodbridge are spending three weeks at their cottage on Otter Lake. On Friday I understand they climbed the fire tower at Haliburton. Their young daughter Sharon was the first one up, and she went up as though she was just walking up a flight of ordinary steps. Nice to be young, eh? Here's a new way to do baby

sitting! Looking out of my window as I write I see Mr. Albert Stadka out trolling and asleep in the bottom of the boat is his small son. How easy can you get it?

Mr. Norm Davy, who has spent this past week visiting with us here in Monmouth, has just returned from a trip by air and bus to Europe. He visited eleven countries on his trip, and must have had a most enjoyable tour judging by the stories he has told us.

Mrs. Verle Stoughton died in the Oshawa General Hospital and was buried in the Wilberforce Cemetery on Saturday. Our sympathy goes out to her relatives. Mr. Robert Baumhour and Miss Pat Gibbs were married on Saturday in the Essonville Church. Congratulations.

CARNARVON

The sympathy of the community is extended to the family of the late Mrs. Pearl Richardson, who passed away suddenly at the home of her son in Cobocok.

We are pleased to see Mr. Cliff Skelding and Mr. Alvin Misco both home from the hospital.

Mrs. Roger Harrison and family are spending a few weeks in Carnarvon.

Mr. and Mrs. R. Gorrie and two daughters are leaving this week on a motor trip to the West Coast.

Mr. Ross Routcliffe and Elizabeth of Sarnia are visiting with Mr. and Mrs. R. McBrien, so that Betty can be with her Mother.

Mr. Stephen Harrison of Kemptville, Ontario is spending a week with Mr. and Mrs. Bert Harrison. Mrs. Allan Thomas and Mrs. Garwood Thomas were received into the United Church at an impressive service last Sunday morning.

Miss Lynn Barnhart is visiting her cousins in Kirkfield.

WEDDINGS

KROONTJE — SAUNDERS

A lovely marriage was solemnized in St. Margaret's Anglican Church, Wilberforce on Saturday, July 27, 1968 when Barbara Ann, daughter of Mr. and Mrs. Frank Saunders of Wilberforce, was married to William Kroontje, son of Mr. and Mrs. Kroontje of Whitby.

The Rev. A. F. Dowdell of Deseronto, Uncle of the bride, officiated at the double ring ceremony. Suitable church music was played by the organist of the Church, Mrs. Keith Cameron.

The bride looked radiant in the traditional white.

The sister of the groom, Mrs. H. Gibson, was matron of honour wearing yellow lace over satin, and the bridesmaid, Miss Debbie Young, cousin of the bride, wore apple green peau de sole, while the pretty little flower girl was Helen, sister of the groom.

The best man was Mr. Jules Thompson of Oshawa, a friend of the groom, and Eric Saunders, brother of the bride, and Ralph Bell acted as ushers.

Following the ceremony a reception was held in the Church Basement, at which time a delicious meal was served by the ladies of the W.A.

Guests were present from Wilberforce, Millbrook, Streetsville, Cobourg, Deseronto, Barrie, Vav. enby, British Columbia, Toronto, Whitby, Oshawa and Bracebridge.

Sir Sandford College Registration Heavy

PETERBOROUGH — A heavy flow of registrations already has filled three of the day programs being offered this fall by Sir Sandford Fleming College, according to statistics just released.

Although vacancies still exist in most technical and business areas, the figures show there were approximately twice as many applicants than openings in the early childhood education and social welfare programs, which each have a quota of 20 students, and the Lindsay-based forest technical program, which took 150 students.

In addition, the College's home economics program almost filled, while there are only 30 openings in business programs and 66 in the various technical areas.

"We dislike turning qualified applicants away, or placing them on waiting lists," said Sir Sandford President David B. Sutherland, "but a quota on some classes is necessary for reasons beyond space and teaching staff."

Mr. Sutherland explained that professional certification of early childhood education and social welfare students depends on their gaining some experience with a nursery school and a welfare agency, respectively, before they graduate.

"There are just so many openings of this kind in the Peterborough area," he said. "If we were to take more students, these young people would be short-changed, and we certainly don't want to see that happen."

The forestry course at Lindsay is limited to 150 students on the recommendation of a Provincial Advisory Committee, Mr. Sutherland said.

Among the programs still open is electro-mechanical engineering technology, which is offered by no other college in Ontario.

Grade 13 graduates may enter the second year of three-year technical and business programs at Sir Sandford Fleming if they complete a special summer course, which begins August 12.

It is expected the student population of the College will be about double what it was in its first year of operation, with 550 students enrolled at Peterborough.

Presently, \$90,000 renovations are under way at the temporary Peterborough campus, to increase its usable space from 40,000 square feet to 55,000.

Keep Ontario Clean

How would you like someone to use your front lawn to dump empty bottles, cans, paper cups, tissue and other refuse?

This is being done every day over thousands of miles of Ontario's resort and vacation land by "couldn't-care-less" motorists and their families who treat the great outdoors as their great dumping ground. It isn't! Keeping our resort land clean and tidy is just as important as looking after our own property.

Department of Highways maintenance crews are at work every day cleaning up the mess left behind in Ontario's 13,000 miles of highways, and in the Department's more than 1,700 roadside picnic areas.

This bill alone adds up to about \$750,000 a year — and the cost is rapidly rising.

In an effort to reduce this unnecessary and unproductive expenditure of tax dollars and to improve the appearance of our countryside, the Department has launched a highways anti-litter campaign.

It is asking each and everyone to help. Dad can help by not throwing his empty cigarette pack out of the window. Mother can help by seeing that he doesn't. Junior can help by keeping his mouth shut and seeing that all the rubbish goes into a litter bag. Simple, isn't it!

Haliburton Hills

He who knows their scenic splendour,

Let him travel where he wills;
Unsurpassed will be his vision
Of the Haliburton Hills.

When the magic wand of summer,
All the land with beauty fills;
Oh what charm for city dwellers,
Waits on Haliburton Hills.

Peaceful valleys dot the landscape,
Where the patient farmer tills;
Rustic meadows, set like gems, in
Haliburton's rugged Hills.

Placid lakes and winding rivers,
Spring-fed gleaming little rills;
All unite to charm the traveller,
In the Haliburton Hills.

Autumn in the Northern High-

land,
Heart of every Artist thrills;

Nature with a royal garment,
Clothes the Haliburton Hills.

He who knows their scenic splendour,

Let him travel where he wills;
Summer charm will ever bring
him

Back to Haliburton Hills.

Burleigh Wallace.

\$800 Damage

Total damage of \$800 resulted last Tuesday morning from a car-truck crash on Highway 35, north of Norland.

Police said an Ontario Hydro truck, driven by George Kelley, 36, of R.R. 2, Cameron and a car driven by Noble Hague, 54, of Lochlin were involved in the mishap.

Cobocok O.P.P. Constable R. A. Bowen investigated.

Demonstrates Japanese Brush Painting

On Tuesday evening, July 23, in the Haliburton Highlands Secondary School, the Haliburton School of Fine Arts held their first evening lecture of the summer course.

The art of Sumie, or Japanese brush painting, was explained and demonstrated by Mrs. Ruth Yamada of the Japanese Cultural Centre in Toronto. An intelligent, daintily feminine person, Mrs. Yamada captivated her audience from the start.

"The philosophy of sumie," she explained, "is based on strength, sincerity and simplicity. One must first of all meditate on the spirit of what you wish to paint. Then when you begin to paint, you transmit what is in your mind through your arm into the brush and ink, and then on to the paper."

In painting after painting Mrs. Yamada demonstrated the quick, assured brush strokes which produced pictures of delicate charm.

All who were there will long remember Mrs. Yamada and her delightful exposition.

The Haliburton School of Fine

Arts must be congratulated in acquiring a speaker of such high caliber.

Japanese Films Shown At School Of Fine Arts

On Thursday evening, July 25, it was Japanese film evening at the Haliburton School of Fine Arts. Excellent photography and colour characterized all four films. The arts and crafts of Japan, Japanese architecture, the design and proper use of the kimono were shown in detail.

The last film, which was on Ikebana, or Japanese floral arrangements, served as an introduction to the next lecture on Tuesday, July 30, when Mrs. Chizuko Kadoguchi demonstrated this style of flower arrangement.

Lake Ontario Region

Haliburton, Victoria, Prince Edward, Lennox and Addington Counties in the Lake Ontario Region all have average incomes at least \$400 a year less than the regional average and \$1,000 a year below the provincial average level, reveals the Lake Ontario Region Economic Survey released recently by the Ontario Government.

In 1963 more than half of the wage earners in the Provisional County of Haliburton were receiving less than \$3,000 a year and 77% earned less than \$4,000.

The Lake Ontario Region ranks ninth among the province's economic regions for personal income. The level of educational attainment in the region falls below the provincial average. In 1961 only 2.2 per cent of the population held university degrees compared to the average provincial level of 3.4 per cent. The comparison should, however, be noted in relation to the fact that other economic areas include large cities such as Toronto, Ottawa and Hamilton, which attract higher university graduate populations.

Nevertheless, it is apparent that the Lake Ontario area is stagnating rather than progressing. Many young people leave the area seeking a better reward for their labours than they can obtain in this area.

This region despite its attractiveness as a tourist area, will have a declining population in the future unless the development of the area is stimulated in some fashion.

HALIBURTON NEWS LETTER

During the recent "Invitation to Live" Crusade those present were informed that a statement as to the Receipts and Expenditures would be published in the press. The publication of such, however, has been delayed owing to the Postal Strike. Mr. Noel McNeill, who is at present in Kingston where he is taking a summer course, informs us that the receipts were such that all expenses can be met, but payment of same cannot be met until the strike situation is all cleared up.

A letter has been received by Wayne B. Wood, Clerk-Treasurer of Dysart et al, from the Ontario Water Resources Commission regarding the present status of the proposed sewage and water system for the Village of Haliburton. A design report for the sewage works project has been received, and is currently under review by the Commission staff. Subsequent to a favourable review they will be completing a financial analysis to determine rates. Following the approval of the rates by senior management they will be submitting a proposal to the municipality. With regard to the water works project they are currently reviewing the design report. It is essentially at the same stage as the sewage works programme. An application has been made to the Central Mortgage and Housing Corporation for a ruling on the eligibility for C.M.H.C. financing of the proposed sewage works.

Friends will regret to learn of the sudden passing of Mr. Otto Miller, which occurred in Barry's Bay on Friday last. The deceased had not been in the best of

health for some time, nonetheless his passing came as a surprise to his acquaintances here. The funeral service was held from the Chapel of John Welch and Son on Monday morning at 11 a.m., with interment being made in Evergreen Cemetery, Haliburton.

We would like to express to our old friend Burleigh Wallace our thanks for presenting us with a book containing the many fine poems that he has written from time to time. Whenever possible we will be running one of these poems, and we hope that our readers will derive as much pleasure from them as we have.

Woman Drowns Near Minden

A 60-year-old British Columbia woman drowned in Gull Lake, five miles south of Minden last Wednesday afternoon, after she went swimming alone near a cottage at which she was staying.

Dead is Nellie Rothwell Tribbeck of Richmond, B.C.

Police said Mrs. Tribbeck, who was staying at a cottage on Sandy Bay with a brother-in-law, Frederick Tribbeck of Toronto, went for a swim about 4 p.m. A few minutes later the woman, who was apparently a good swimmer, was found floating face-down in about five feet of water at the

end of the wharf. The woman was pronounced dead by Dr. H. E. Good, Coroner of Haliburton.

Police said no autopsy was held and they did not expect an inquest would be called into the woman's death.

Minden O.P.P. Constable Gene Whitney investigated.
